

American Conference Institute's Advanced Forum on Insurance-Linked Securities

This conference is your opportunity to hear firsthand the matters of critical importance to the growing ILS industry. No ILS conference has ever had a combined industry and government presence like this one. It provides a unique opportunity for you to meet with and have meaningful discussions with key market participants.

Sessions include:

- Insurance Linked Securities Year in Review: A Look Back at the Banner Year for Issuance and Assessing the Key Issues on the Horizon (Including Risk Transfer, TRIA, Solvency II and More)
- Convergence of Reinsurance and Capital Markets: The Escalating Call for Alternative Reinsurance and ILS
- ILS Contract Wording and Disputes Strategy: How to Negotiate and Draft Effective Alternative Reinsurance Structures Including Catastrophe Bonds, Sidecars and ILWs
- Insurance Linked Securities and Catastrophe Bonds Decoupling From Traditional Reinsurance
- Mitigating Risk and Enhancing Rewards Through Implementation of New Catastrophe Modelling Practices in a Post-Sandy Climate
- The Evolution of Insurance Linked Securities Overseas: Considerations When Entering Emerging Markets Abroad
- Federal and State Regulatory and Enforcement Roundup on the Changing Insurance-Linked Securities Landscape
- The Emergence of the Sophisticated Investor and the Generalist Money Manager
- The Use of Enterprise Risk Management (ERM) Within the ILS Marketplace
