

APIW/CPCU 2016 Annual Luncheon

Time: 11:45am - 2:00pm

Michael Kaufman, Marc Voses and Ellen Storch will be attending the APIW/CPCU 2016 Annual Luncheon in New York City.

About: Advancement of Professional Insurance Women (APIW) was founded in 1976 by a group of women insurance professionals including Cecilia Norat, Director of State Relations, American International Group, Inc. Today, APIW remains dedicated to two of the original goals stated by Cecilia Norat in her presentation at the first meeting of APIW: to celebrate the accomplishments of an outstanding woman in the insurance business at the APIW Woman of the Year event held annually in June and to provide scholarship aid to young women studying insurance. Since the late 1990s, APIW has awarded two scholarships annually: one for a student at St. John's School of Risk Management, and the other for a student attending the Katie School of Insurance outside of Chicago, IL.

Their goal is to provide women insurance professionals with unparalleled opportunities for professional development and networking. Their monthly programs address the latest developments and issues affecting our industry, helping prepare our members for leadership roles in their organizations by providing a wide, comprehensive view of the insurance business.
