FMLA At 20: Employers Must Manage, Update Leave Policy Regularly
By Tom Starner, Human Resource Executive

It's been 20 years since President Clinton signed the landmark Family and Medical Leave Act. And while the FMLA has had a positive effect on the lives of millions of workers and their families, the impact on employers hasn't always been as clear-cut. As a result, say FMLA experts, employers need to pay particularly close attention as they develop their policies and practices involving FMLA.
