Jenny Blake: Pivot: Small Steps to Double-Down on Your Strengths at Work

PLUS Foundation Women's Leadership Network presents an interactive workshop with Jenny Blake. Jenny will help you design a professional growth strategy with small, practical steps to move forward.

No matter your age, life stage, bank account balance, or career level, you can learn how to pivot strategically and grow within your current role, starting from where you are now. Although we often assume promotion or role change is necessary to advance, your best chance of success lies right under your feet. By doubling down on what is already working, you can cut through confusion and move more quickly in a new direction, within your current career portfolio. Pivoting is a mindset and a skill set, and it is one we can all get better at.

You will walk away with an empowering perspective on pivots as a product of your success, not a personal shortcoming or failure, but rather a natural and normal part of high net growth individuals' career progression. You will learn how to cycle through the Pivot Method as many times as necessary to map your next moves within your role and the broader organization.
