

Press Release: Kaufman Dolowich Launches New Website; Supports Commitment to Client Information and Education

(February 8, 2017, Woodbury, NY) — Kaufman Dolowich & Voluck LLP (KD), a leading national law firm, has launched a new website that reflects the breadth of the firm's litigation and risk management services and wide-ranging practices that extend beyond its leading private client, insurance coverage, employment and labor and professional liability counsel, offers timely and relevant content for its clients and pays homage to its history and growth. We encourage you to visit our new website at www.kaufmandolowich.com.

Celebrating its 30th anniversary, KD designed its new website as a destination for comprehensive legal information and insights that cover the firm's 16 practice areas and to honor its roots as a boutique labor and employment law firm that has grown into a nationwide eight-city firm with marquee private clients and major insurers throughout the United States, United Kingdom and Bermuda. "The new website reflects our commitment to keep clients informed and educated with legal information, news and resources," said Michael A. Kaufman, co-managing partner of KD. "The new site is more reflective of who KD is today, a nationwide firm with hallmark private client, insurance, labor and employment and other business practices and a deep, highly regarded attorney bench." Other highlights of the site:

- Attorneys will regularly blog about topical insurance, labor and employment, professional liability and other practice areas;
- Visitors may sign up for regular updates by practice areas, learn about in-house training programs and CLE/CE presentations and read news articles and press releases;
- The site can be viewed on mobile devices and is fully integrated with the firm's social media channels.

"It was important to keep the KD website engaging and interactive, visually appealing and easy to navigate," said Ivan J. Dolowich, co-managing partner, KD. "The firm has much to be proud of after 30 successful years in business and we wanted the website to focus on our overall vision as we continue to grow as a national firm with regional, national and international clients."

The website was designed by PaperStreet Web Design.
