

The Costs of Cyber Breaches: Is Your Business Adequately Insured, Financier Worldwide Magazine

*By Christopher Nucifora, Esq., Edward Patrick Abbott, Esq. and Amanda Gurman, Esq.
(December 2013)*

Cyber breaches have increased significantly over the last six years, more than doubling since 2006, and this trend is likely to continue. As cyber threats become more diversified and prominent, companies continue to face additional risk. This article explores the various costs and exposures associated with cyber breaches and the insurance coverage issues with respect thereto, including the...
