Perry Sofferman, FL Partner and Chair of the Corporate and Intellectual Property Practice Group, was invited to participate in the Anti Defamation League's (ADL) Glass Leadership Institute (GLI).

GLI introduces emerging community leaders to the important work of the ADL, providing an in depth look at the issues the organization

currently focuses on. Perry was selected because of his potential leadership qualities and commitment to the ADL

mission. He will engage in nine months of dynamic, interactive sessions on a broad range of ADL topics.

The Institute culminates with the National Leadership Summit in Washington D.C., where participants from across the country come together to engage with each other, as well as high-ranking officials, opinion leaders, and renowned experts.
