

Surplus Line Association of California March 2015 Seminar

"Outside the box" ideas of 10 or 20 years ago are realities today — or soon will be. Issues arising from social media, virtual money, autonomous cars, workplace wellness programs, "robo-brokers", drones, changes in the insurance community and other trends pose challenges and opportunities for surplus line markets and brokers.

Join us for a 3-hour interactive seminar designed to educate agents and brokers about the insurance and non-insurance implications of these and other evolving trends, and a look into the not-too-distant future.

Registration will start at 8:00 am. No sign-ins after 8:30 am.
Session to begin at 8:30 am and concludes at 11:30 am.
